Student Guidance and Counseling Services

We are committed to providing our students with a comprehensive guidance and counseling program to include:

Guidance curriculum to assist students with the development of essential core values and self-management/social skills needed to enhance their personal-social, educational, and career growth. Topics included are:

- Bullying Prevention
- Character Education/CCISD Core Values
- Personal Safety*
- Cultural Diversity
- Healthy Relationships/Dating Violence*
- Drug and Alcohol Awareness
- Suicide Prevention
- Youth Mental Health

*Parental consent is needed to participate in lessons.

*Parents can make an appointment to review and discuss materials.

Responsive services to intervene on behalf of those students whose immediate personal concerns or problems put their continued personal-social, career, and/or educational development at risk.

Individual planning to guide all students as they plan, monitor, and manage their own educational, career, and personal-social development.

System support to link faculty, staff, and community members in our education programming and school improvement planning.

Personal Counseling

School counselors are available to assist students with a wide range of personal concerns, including such areas as social, family, emotional, mental health, or substance abuse. A student may request to visit the school counselor's office and parents may request resources from a counselor.

Student Support Groups

In order to meet the personal needs of students, school counselors may also offer support groups on a recurring basis. If a parent/guardian does not want their student to participate in a support group, written documentation of denial of services will need to be provided to the school counselor.

Our first priority is our students. We readily make ourselves available to students in need of guidance and counseling throughout the school day. To ensure all students are well-served with the time and attention they deserve, we ask that parents/guardians make an appointment with their student's counselor to allow adequate scheduling and preparation.

Each member of the CHECHS Guidance and Counseling Team is certified by the Texas State Board for Educator Certification as a School Counselor.
